

KARTHIK B

PYTHON FULL STACK DEVELOPER

Thiruvananthapuram, Kerala | karthikb3048@gmail.com | Ph -7902721844 | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Python Full Stack Developer with hands-on experience in Python, Django, React.js, HTML, CSS, JavaScript, MySQL, REST APIs, and Git/GitHub. Completed a 6-month internship with practical experience in full-stack web development. Passionate about building responsive, scalable applications and continuously learning modern technologies.

SKILLS

Programming Language: Python

Backend: Django, Django REST Framework

Frontend: React.js, HTML5, CSS3

Database: MySQL

Tools: Git, GitHub, Visual Studio Code

PROJECTS

CSV Intelligence Analyzer (CIA) – Full Stack Data Analytics Web Application | [GitHub](#)

Technologies: React.js, TypeScript, Tailwind CSS, FastAPI, Python, Pandas

- Developed a full-stack web application for uploading and analyzing CSV datasets.
- Built REST APIs using FastAPI for dataset processing, statistics generation, and natural-language query handling.
- Designed an interactive dashboard with analytics, charts, and dataset visualization using React and Tailwind CSS.

EatnFit – Django Full Stack Application | [GitHub](#)

Technologies: Python, Django, Django REST Framework, HTML, CSS, MySQL

- Developed a full-stack fitness tracking application with user authentication and CRUD operations.
- Built RESTful APIs using Django REST Framework and managed data with Django ORM.
- Designed a responsive interface using HTML, CSS, and MySQL.

Personal Portfolio Website | [GitHub](#) | [Live Demo](#)

Technologies: React, TypeScript, Vite, Tailwind CSS, Framer Motion, Netlify

- Designed and developed a responsive personal portfolio website showcasing projects, technical skills, certifications, internship experience, and contact details.
- Implemented smooth UI animations with Framer Motion and optimized performance using Vite.
- Deployed the application on Netlify with automatic deployment through GitHub.

INTERNSHIP EXPERIENCE

Python Full Stack Developer Intern

Luminar Technolab, Kerala

- Built full-stack web applications using Django, Bootstrap, and MySQL
- Implemented user authentication and role-based access control.
- Developed RESTful APIs using Django REST Framework.
- Designed database schemas and integrated backend logic using Django ORM.
- Collaborated in team-based development workflows using Git.

EDUCATION

Bachelor of Science in Computer Science Mahatma Gandhi University, Kerala

- Completed core subjects including Object-Oriented Programming (OOP), DBMS, Computer Networks, Operating Systems, Web Development, and Python.
- Built a strong foundation in software development, database management, and problem-solving.

CERTIFICATION

- Python Web Development Expert – National Council for Technology and Training (NACTET), Luminar Technolab (2025).
- Python (Basic) Skill Certification – HackerRank (2026).
